# The Flexible Packaging Achievement Awards & Innovation Showcase

The Flexible Packaging Association (FPA) has conducted the annual Flexible Packaging Achievement Awards Competition since 1956 to showcase the industry's innovation and the advances that have changed packaging. The competition is among the most respected in the industry thanks to the outstanding caliber of entries, the objective and methodical judging process, and the extensive media coverage of the competition winners. The competition's focus on new technologies, processes, printing techniques, and the sustainability of flexible packaging places the Achievement Awards Competition in a class by itself.

FPA is pleased to present the *2023 Flexible Packaging Achievement Awards & Innovation Showcase* issue, which features flexible packaging solutions that meet expectations and needs through advancements in materials, graphics, structure, new uses, extended shelf life, and sustainability.

The "Achievement Awards" section highlights the 30 winning entries, arranged by award level: Highest Achievement, Gold, and Silver. The entry categories include expanding the use of flexible packaging, packaging excellence, printing, shelf impact, sustainability, and technical innovation.

The "Innovation Showcase" section includes the competition entries in alphabetical order by package name. For this year's competition, 86 package entries were submitted with a total of 228 entries (some packages were entered into multiple categories).

FPA congratulates the winners and thanks all of the companies that participated in the 67th Annual Flexible Packaging Achievement Awards Competition. Special thanks are given to the 2023 competition judging panel: Gary Borges, associate professor, University of Wisconsin-Stout; Charles Marshall, principal, Priority Metrics Group; and Jeff Peterson, president, Peterson Media Group.

Comprehensive lists of FPA converter and associate companies are also included.

# HIGHEST ACHIEVEMENT AWARD

*The Highest Achievement Award is evaluated by the judges as possessing overall packaging excellence and significant attributes in all award categories, and contributing most to the advancement of the industry.*

## RESCUE!® OUTDOOR DISPOSABLE FLY TRAP

*Highest Achievement Award*

*Gold Award - Packaging Excellence*

*Gold Award - Technical Innovation*

*Silver Award - Expanding the Use of Flexible Packaging*

**Manufacturer:** Glenroy, Inc., [www.glenroy.com](http://www.glenroy.com)

**End User/Customer:** Sterling International, Inc.

**Plant:** Menomonee Falls, WI

**Designer/Design Firm:** Information not available

**Key Suppliers:** Glenroy, Inc.

**Description:** The RESCUE!® Disposable Fly Trap is an innovative, hassle-free flexible packaging solution for keeping flies (and other pests) away from the outdoor areas everyone wants to enjoy. It's easy to use. Simply cut along the dotted line at the top to expose the trap entrance, add water, and hang. The pouch construction protects the consumer from the powerful attractant inside. Once the trap is full (collecting up to 20,000 flies), the consumer simply discards it.

## REACH AN AUDIENCE OF 4,000+ FLEXIBLE PACKAGING PROFESSIONALS

The *FlexPack VOICE*® magazine is dedicated to the flexible packaging industry and moving it forward. When you advertise in *FlexPack VOICE*®, your brand will be displayed to suppliers and manufacturers of flexible packaging and related products. Secure your ad space to reach an engaged audience with buying potential.

Don't miss the opportunity to reach converters and suppliers to the flexible packaging industry. Advertise today!

# GOLD AWARDS

## CADBURY CARAMELLO MINIATURES STAND-UP POUCH, 8 OZ.

*Gold Award - Shelf Impact*

**Manufacturer:** Printpack, [www.printpack.com](http://www.printpack.com)

**End User/Customer:** The Hershey Company

**Plant:** Elgin, IL

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** Cadbury's Caramello trademark yellow- and-purple package gets a makeover. To improve the shelf appearance of this product, Cadbury went from a gloss finish to a luxurious new matte finish design. The high-quality graphics are printed rotogravure with nine colors. The unique matte/metallic appearance of this pouch is achieved by contrasting transparent and opaque inks. In a field of glossy packages, this package differentiates itself from other candy on the shelf by virtue of its elegant, understated matte finish.

## ENTOUR™ PRODUCE PACKAGE/ ENTOUR™ BOLD AND SHIELD LAMINATION

*Gold Award - Packaging Excellence*

*Gold Award - Sustainability*

**Manufacturer:** Berry Global, [www.berryglobal.com](http://www.berryglobal.com)

**End User/Customer:** Information not available

**Plant:** Chippewa Falls, WI

**Designer/Design Firm:** Berry Global

**Key Suppliers:** Berry Global

**Description:** Berry Global launched a recyclable polyethylene film solution for fresh-cut produce applications. These applications often require strong seals in a cold packaging environment and customized oxygen transmission rates. As a part of the Entour™ product line, this solution features films that are designed for front-of-store recycling. The package features an Entour™ Shield sealant web that has been engineered to offer high breathability and an Entour™ Bold MDO-PE reverse print web that has been engineered with excellent clarity, gloss, and stiffness. When combined, they can achieve commercial OTR ranges that can replace mixed material BOPP laminations. Both films are How2Recycle® pre-qualified.

## GOLDEN WEST FOOD GROUP MEAT DISTRICT® GOBBLER FROZEN PATTIES

*Gold Award - Printing*

**Manufacturer:** American Packaging Corporation,  
[www.americanpackaging.com](http://www.americanpackaging.com)

**End User/Customer:** Golden West Food Group

**Plant:** Columbus, WI

**Designer/Design Firm:** Golden West Food Group

**Key Suppliers:** SGS & Co. (art, color, and separations)  
and American Packaging Corporation (HPE Roto®  
engravings, printing, and converting)

**Description:** From the Golden West Food Group, a new line of butcher-crafted premium meats brings steakhouse quality right into your home. The flexible package extension for the frozen patties needed to match the fresh meat package using carton sleeve offset printed sleeves, with a specific focus on the neon effect brand mark and ghosted background copy effect.

## KIRKLAND SIGNATURE® ULTRA CLEAN HE LAUNDRY DETERGENT PACS

*Gold Award - Sustainability*

**Manufacturers:** Accredo Packaging Inc.  
([www.accredopackaging.com](http://www.accredopackaging.com)) & Presto Products  
Company Fresh-Lock® Closure BU ([www.fresh-lock.com](http://www.fresh-lock.com))

**End User/Customer:** Kirkland Signature®/Costco

**Plant:** Sugar Land, TX

**Designer/Design Firm:** Information not available

**Key Suppliers:** Accredo Packaging Inc. (film supplier,  
printer, and packaging manufacturer); Presto Products  
Company Fresh-Lock® Closure BU (child-resistant  
track and slider system); and Radienz Living (contract  
manufacturing)

**Description:** Costco Wholesale Corporation engaged Radienz Living in early 2021 to transition the Kirkland Signature® Ultra Clean Laundry Detergent Pacs product from a rigid tub to a fully recyclable, child-resistant pouch. Costco wanted a better consumer experience in the areas of packaging sustainability, transportation, and safety while being more cost-effective, maintaining the existing selling units per pallet, and being fully commercialized in 2021. Accredo Packaging, Inc. and Fresh-Lock® closures jumped into collaboration with Radienz Living for an all-hands-on-deck approach.

# GOLD AWARDS

## MEGAFOOD® WOMEN'S ENSEMBLE PRECONCEPTION DAILY MULTIPACK

*Gold Award - Expanding the Use of Flexible Packaging*

**Manufacturer:** Nosco, [www.nosco.com](http://www.nosco.com)

**End User/Customer:** MegaFood®

**Plant:** Carrollton, TX

**Designer/Design Firm:** Information not available

**Key Suppliers:** ACW (film supplier); Nobelus (lamine supplier); HP Indigo ElectroInk (ink supplier); HP Indigo 20000 Digital Press (printing press); Karlville Pack Ready Laminator (laminator); and Stacy Falconer (Nosco packaging advisor)

**Description:** MegaFood® needed a child-resistant, senior-friendly flexible pouch for its Women's Ensemble Preconception Daily Multipack product line. Due to the product's high iron content, the brand packaged it in child-resistant cartons, but it recently switched to flexible pouches. Through digital printing on the HP Indigo 20000 Digital Press, Nosco saved the brand more than half the cost of its previous packaging type.

## NICHOLS FARMS® JALAPEÑO LIME PISTACHIOS

*Gold Award - Printing*

**Manufacturer:** PPC Flexible Packaging, [www.ppcflex.com](http://www.ppcflex.com)

**End User/Customer:** Nichols Farms®

**Plant:** Payson, UT

**Designer/Design Firm:** Information not available

**Key Suppliers:** PPC Flexible Packaging; Miraclon, home of Kodak Flexcel Solutions; and INX International Ink Co.

**Description:** Nichols Farms® Jalapeño Lime Pistachios is a unique package blazing a new trail with a brand-new paper-like texture. Together, PPC Flexible Packaging and INX developed specially made plates and ink to create the right rough paper feel. Add the fantastic design and you have a great way to engage your customers with more than appearance. Now the bag's feel can make an impact.

## PULMUONE BEEF JAPCHAE KOREAN NOODLES

*Gold Award - Shelf Impact*

**Manufacturer:** PPC Flexible Packaging,  
[www.ppcflex.com](http://www.ppcflex.com)

**End User/Customer:** Pulmuone

**Plant:** North Salt Lake, UT

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** With a lifelike image that looks good enough to eat, the Pulmuone Beef Japchae Korean Noodles packaging is made to stand out on the shelves. Using Project Blue, a patented anilox and screening technology that delivers ultra-high definition quality comparable to 300 line screen, PPC Flexible Packaging created an image on the package that looks as realistic as possible. The package's combined matte and glossy print creates a captivating contrast, making it sure to catch consumers' eyes and get their mouths watering.

## SCOTTS MIRACLE-GRO® RESCUE™ OUTDOOR PLANT POTION™

*Gold Award - Expanding the Use of Flexible Packaging  
Silver Award - Packaging Excellence*

**Manufacturer:** ProAmpac, [www.proampac.com](http://www.proampac.com)

**End User/Customer:** Scotts Miracle-Gro®

**Plant:** Neenah, WI

**Designer/Design Firm:** ProAmpac

**Key Suppliers:** Information not available

**Description:** Scotts Miracle-Gro® Rescue™ Outdoor Plant Potion™ is specifically designed for the rigors of e-commerce and consumer convenience. Three portioned sachets with easy-tear tops are packaged inside a larger stand-up pouch to ensure the plant treatments remain together.

# GOLD AWARDS

## VUALÁ® SORPRESA BOLD, 65 G

*Gold Award - Printing*

**Manufacturer:** Printpack, [www.printpack.com](http://www.printpack.com)

**End User/Customer:** Panita Foods

**Plant:** El Marques, Queretaro, Mexico

**Designer/Design Firm:** Panita Foods

**Key Suppliers:** This package was completely done in-house. No partnerships with suppliers were established for its production.

**Description:** Vualá® Sorpresa has many different flavors and packages, and this extra special limited edition features a secret surprise. In addition to outstanding high-definition printing, the package hides a golden interior. This offers the consumer a delightfully unique experience when opening the product—a golden glow comes from the inside the package.

## WHITE ECLIPSE UV-BLOCKING PACKAGING

*Gold Award - Packaging Excellence*

*Gold Award - Technical Innovation*

**Manufacturer:** PAXXUS, Inc., [www.paxxus.com](http://www.paxxus.com)

**End User/Customer:** Information not available

**Plant:** Addison, IL

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** The White Eclipse high-barrier, UV-blocking packaging is a revolutionary development designed to protect sensitive microfluidic reagents inside diagnostic devices until the point of use without the use of aluminum foil. To ensure the efficacy of the device, PAXXUS' ultra-high barrier ClearFoil® Z is paired with a proprietary UV-blocking sealant technology to create a flexible pouch that eliminates exposure to outside light while also providing the highest level of oxygen and moisture barrier. White Eclipse provides comparable high-barrier performance to traditional aluminum foil packaging, with the added benefits of a smooth, premium appearance, and RFID compatibility.

# SILVER AWARDS

## APEX PROTEIN SNACKS MEAT STICKS

*Silver Award - Printing*

**Manufacturer:** Nosco, [www.nosco.com](http://www.nosco.com)

**End User/Customer:** Apex Protein Snacks LLC

**Plant:** Pleasant Prairie, WI

**Designer/Design Firm:** Information not available

**Key Suppliers:** Avery Dennison (film supplier); Nobelus (lamine supplier); HP Indigo ElectroInk (ink supplier); HP Indigo 20000 Digital Press (printing press); Karlville Pack Ready Laminator (laminator); and Gordon Bruner (Nosco packaging advisor)

**Description:** In 2021, Apex worked with another supplier, running this film using traditional plate-based printing. Due to the brand's high number of SKUs, it faced ever-increasing plate changes that would take six to eight weeks to switch over. At the time, the brand had a handful of SKUs but planned to introduce new flavors and designs. Apex needed a quicker-turn, plate-free print solution. Nosco's ability to help with Apex's pouches while maintaining consistent colors further allowed a growing print partnership.

## ECOVUE® SINGLE DOSE ULTRASOUND GEL PACKET

*Silver Award - Expanding the Use of Flexible Packaging*

**Manufacturer:** Glenroy, Inc., [www.glenroy.com](http://www.glenroy.com)

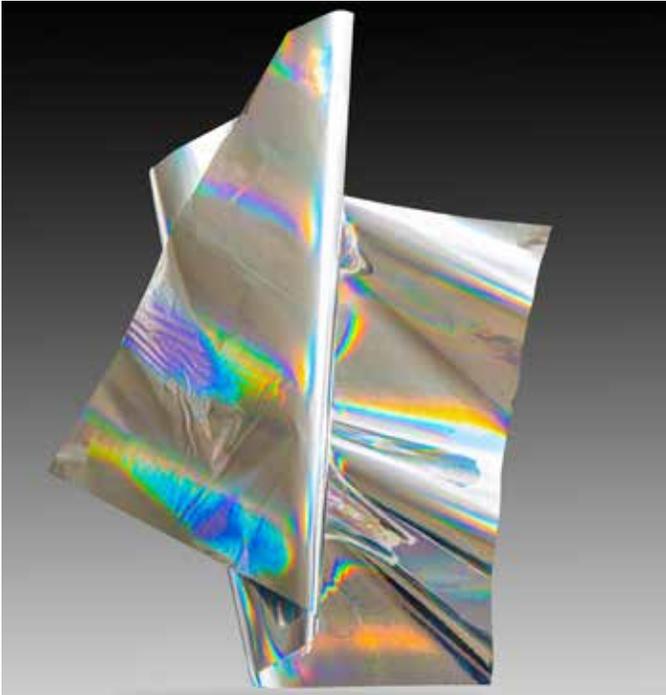

**End User/Customer:** HR Pharmaceuticals, Inc.

**Plant:** Menomonee Falls, WI

**Designer/Design Firm:** Information not available

**Key Suppliers:** Glenroy, Inc.

**Description:** The innovative, flexible EcoVue® single dose ultrasound gel packet features custom flexible packaging film with many benefits to the medical industry, consumers, and society overall. It is easy to hold, use, and open, but it is also lightweight and requires less energy to manufacture and transport.

## F-UHB-M ULTRA HIGH BARRIER AND HIGH METAL BOND METALLIZED POLYESTER FILM FOR ALUMINUM FOIL REPLACEMENT

*Silver Award – Technical Innovation*

**Manufacturer:** Flex Films (USA) Inc., [www.flexfilm.com](http://www.flexfilm.com)

**End User/Customer:** Printpack Company

**Plant:** Elizabethtown, KY

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** The 2022–2023 flagship for Flex Film’s continued advancement efforts in BOPET film developments is this ultra-high barrier, high metal bond metallized BOPET film for total foil replacement in laminates. With a focus on end-use customers, society, and the planet, a specially developed in-house manufacturing process allowed F-UHB-M to outperform expectations in barrier performance and film properties while maintaining the cost of a barrier/metallized film.

## FRITO-LAY COMPOSTABLE SNACK PACKAGING AT COACHELLA MUSIC FESTIVAL

*Silver Award – Printing*

**Manufacturer:** Bryce Corporation, [www.brycecorp.com](http://www.brycecorp.com)

**End User/Customer:** Frito-Lay

**Plant:** Memphis, TN

**Designer/Design Firm:** Information not available

**Key Suppliers:** Bi-Ax (print film); Sun Chemical Corporation (inks); H.B. Fuller (adhesive); StarPak (sealant film); Danimer (resin); and Rol-Vac, LP (metallization)

**Description:** Bryce Corporation and Frito-Lay, a division of PepsiCo® and a leader in snacking, collaborated to develop industrially compostable packaging for the 2022 Coachella Music Festival. Several flavors, including Lay’s® Classic Potato Chips, made their debut in this 100% compostable package. Throughout the Coachella campgrounds, compost bins were strategically placed for consumers to properly dispose of the packaging. The project was a great success and highlights Frito-Lay’s PepsiCo Positive (Pep+) journey to build a sustainable food system.

# SILVER AWARDS

## HP HDX LUBRICANT OIL STAND-UP SPOUTED POUCH, 1 L

*Silver Award - Expanding the Use of Flexible Packaging*

**Manufacturer:** Paharpur 3P, [www.paharpur3p.com](http://www.paharpur3p.com)

**End User/Customer:** Hindustan Petroleum Corporation Ltd.

**Plant:** Sahibabad, Uttar Pradesh, India

**Designer/Design Firm:** Paharpur 3P Private Limited

**Key Suppliers:** UFlex (PET supplier); Vacmet (METPET supplier); Emblem (BON supplier); and Sakata (ink supplier)

**Description:** This spouted stand-up pouch package for 1 L lubricant oil replaces rigid plastic bottles and reduces greenhouse gas emissions by more than 1,100%, packaging landfilled by 163%, and plastic usage by 64%. The pouch protects the integrity of high-performance oils and lubricants, which tend to migrate and may cause layer separation. The technical aspects to ensure leakage, dart, and puncture resistance—as well as the physical appearance of the pouch—were considered in the design process. Compared with rigid bottles, spouted pouches are more space efficient.

## LAHLI™ MORNING PROTEIN BITES IN AN AMPRIMA™ PE PLUS RECYCLE READY POUCH

*Silver Award - Packaging Excellence*

**Manufacturer:** Amcor Flexibles, [www.amcor.com](http://www.amcor.com)

**End User/Customer:** Information not available

**Plant:** Oshkosh, WI

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** When launching Morning Protein Bites, the Lahli™ brand made thoughtful choices like opting for the stand-up pouch from Amcor, which is designed to be recycled but retains needed quality and durability. The pouch features AmPrima™ PE Plus material, which delivers appearance and performance comparable to conventional nonrecyclable OPET/PE laminations but is recyclable in the flexible PE stream. The solution conveys the brand while reducing the negative impacts of nonrecyclable OPET packaging.

## MCDONALD'S 2022 POKÉMON CARD OVERWRAP

*Silver Award – Sustainability*

**Manufacturer:** American Packaging Corporation, [www.americanpackaging.com](http://www.americanpackaging.com)

**End User/Customer:** Millennium Print Group/  
The Pokémon Company International

**Plant:** Columbus, WI

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** American Packaging Corporation's revolutionary fiber-based card overwrap supports McDonald's global initiative to only sell Happy Meal® toys that are renewable, recyclable, or made with responsibly sourced materials by the end of 2025. The card overwrap features a surface printed paper with a repulpable, dispersion coating applied at American Packaging Corporation on the reverse side. To match the high-fidelity graphics necessary for this Pokémon application, the graphics are printed on a rotogravure press and overcoated with a high gloss, heat-resistant overlacquer. The dispersion coating provides an ultra-low seal initiation temperature that allows for efficient line speed during conversion on the flow wrapping equipment at Millennium Print Group.

## METROPOLITAN TEA COMPOSTABLE TEA ENVELOPES AND OVERWRAPS

*Silver Award – Technical Innovation*

**Manufacturer:** ProAmpac, [www.proampac.com](http://www.proampac.com)

**End User/Customer:** Metropolitan Tea

**Plant:** Suffolk, VA

**Designer/Design Firm:** ProAmpac

**Key Suppliers:** Information not available

**Description:** Metropolitan Tea uses ProAmpac's ProActive Compostable® CPM-2000 structure for its premium single- and loose leaf-serve teas. CPM-2000 is a high-barrier paper-based laminate for dry foods. The Biodegradable Products Institute certified that CPM-2000 complies with the specifications established by the American Society of Testing and Materials Standards' ASTM D6868 for industrial compostability.

# SILVER AWARDS

## NESTLÉ SAN PELLEGRINO SPARKLING WATER INTEGRITITE™ 33% PCR BUNDLING COLLATION SHRINK FILM

*Silver Award – Shelf Impact*

**Manufacturer:** TC Transcontinental Packaging,  
<https://tctranscontinental.com/en-us/packaging>

**End User/Customer:** Nestlé San Pellegrino  
Sparkling Water

**Plant:** Montreal, Quebec, Canada

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** The Nestlé San Pellegrino Integrিতে™ 33% PCR bundling collation shrink film is produced by TC Transcontinental Packaging for Canadian Costco locations. This film bundles multipacks of imported San Pellegrino sparkling water to provide a sustainable solution, without compromising clarity or performance.

## OKAM RICE RECYCLABLE FLAT BOTTOM 3D POUCH, 5 KG

*Silver Award – Packaging Excellence*

**Manufacturer:** Integrated Plastics Packaging,  
[www.ipp.ae](http://www.ipp.ae)

**End User/Customer:** Okam Rice

**Plant:** Dubai, United Arab Emirates

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** Integrated Plastics Packaging developed a recyclable all-PE (mono-polymer) three-layer printed laminate and converted it to a side-gusseted, flat bottom 3D pouch. The pouch has a front-load pocket, a recloseable zipper, and a die-cut handle for consumer convenience to transport the 5 kg (11 lbs.) package. The graphics are superior via rotogravure printing with a matte and gloss effect, resulting in a spectacular product presentation.

## PAPER BOAT™ COCONUT WATER SHAPED STAND-UP POUCH, 250 ML

*Silver Award – Shelf Impact*

**Manufacturer:** Paharpur 3P, [www.paharpur3p.com](http://www.paharpur3p.com)

**End User/Customer:** Hector Beverages Private Limited

**Plant:** Sahibabad, Uttar Pradesh, India

**Designer/Design Firm:** Paharpur 3P Private Limited

**Key Suppliers:** UFlex (PET supplier); Hindalco (foil supplier); Emblem (BON supplier); and RC Films (retort CPP-N supplier)

**Description:** This uniquely shaped stand-up pouch with an eye-catching design and premium matte coat effect is a perfect packaging solution for the packaging of 250 ml of coconut water, which is traditionally packed in rigid plastic bottles. The package was designed to protect the natural electrolytes from moisture and oxygen with a high-barrier packaging material. The technical aspects and the physical appearance were also considered while designing the pouch for its unique shape to make it attractive to consumers.

## PET MEDICAL PRODUCT POUCH

*Silver Award – Shelf Impact*

**Manufacturer:** Advanced Web Technologies – Illinois, Inc., [www.awtlabelpack.com](http://www.awtlabelpack.com)

**End User/Customer:** True Leaf Pet, Inc.

**Plant:** South Elgin, IL

**Designer/Design Firm:** AWT Labels & Packaging

**Key Suppliers:** Information not available

**Description:** This is a pouch product for the pet care market. It allows pet owners to provide medicinal CBD benefits to their pets. The pouch provides stand-up capabilities for advanced marketing on the store shelf. The high-quality flexographic printing is combined with matte surface enhancements and highly reflective ink treatments for outstanding shelf presence.

# SILVER AWARDS

## PROFOL'S SBB SYNTHETIC BACON BOARD®

*Silver Award - Technical Innovation*

**Manufacturer:** Profol, [www.profol.com](http://www.profol.com)

**End-User/Customer:** Hooray Foods

**Plant:** Cedar Rapids, IA

**Designer/Design Firm:** Information not available

**Key Suppliers:** Profol and Beidel Printing

**Description:** Profol's SBB Synthetic Bacon Board® is a polypropylene mono-material that provides a viable replacement for traditional wax paperboard bacon L boards. SBB is helping meet sustainability goals by providing manufacturing efficiencies over traditional board and is recycle-ready. SBB delivers the “wow” factor on retail shelves by keeping colors and prints more vivid, as well as maintaining package integrity.

## PURITION SINGLE-SERVE SMOOTHIE MEAL REPLACEMENT POWDER

*Silver Award - Sustainability*

*Silver Award - Technical Innovation*

**Manufacturer:** ProAmpac, [www.proampac.com](http://www.proampac.com)

**End User/Customer:** Purition

**Plant:** Europarc, Grimsby, Great Britain

**Designer/Design Firm:** ProAmpac

**Key Suppliers:** Information not available

**Description:** Purition's single-serve smoothie meal replacement powder uses ProAmpac's ProActive Recyclable® paper sachets. This unique packaging minimizes the overall material without sacrificing product protection. This unique ProActive Recyclable® paper sachet offers portion control as it can hold one serving per packet and is easily recyclable in paper streams.

## SUPPLY™ INDICA VAPE PEN, 300 MG

*Silver Award - Expanding the Use of Flexible Packaging*  
*Silver Award - Packaging Excellence*

**Manufacturer:** PPC Flexible Packaging,  
www.ppcfex.com

**End User/Customer:** AEG

**Plant:** Payson, UT

**Designer/Design Firm:** Information not available

**Key Suppliers:** PPC Flexible Packaging; INX International Ink Co.; and Elplast America

**Description:** This Supply™ Indica Vape Pen package effectively grabs your attention with its minimalistic design. One of the best features of this bag is the child-resistant zipper by Elplast that has a fold-over flap with a double lock hidden behind it. It can only be opened by pulling back the flap and peeling apart the zippers behind. The bag also includes a double cut, allowing the bag to bleed to the edge.

## WALEX COMMANDO® BLACK HOLDING TANK CLEANER STORE DROP-OFF RECYCLABLE POUCH

*Silver Award - Sustainability*

**Manufacturer:** Glenroy, Inc., www.glenroy.com

**End User/Customer:** Walex Products Company

**Plant:** Menomonee Falls, WI

**Designer/Design Firm:** Emmy Errante,  
Walex Products Company

**Key Suppliers:** Glenroy, Inc.

**Description:** Not only is the product inside good for the environment, the packaging is too! This Walex How2Recycle® store drop-off recyclable pouch replaces a traditional stand-up pouch and qualifies for the NexTrex® recycling program. Consumers simply take the clean, empty pouch back to the bins outside of retail stores, and the pouch will be recycled into resin pellets for future film production or sent directly to Trex so it can be upcycled into composite decking and furniture.

# SILVER AWARDS

## WHOLE FOODS BAKING MIX FLAT BOTTOM POUCHES

*Silver Award – Printing*

**Manufacturer:** TC Transcontinental Packaging, <https://tctranscontinental.com/en-us/packaging>

**End User/Customer:** Whole Foods

**Plant:** Brooklyn, NY

**Designer/Design Firm:** Whole Foods

**Key Suppliers:** Information not available

**Description:** The Whole Foods Baking Mix Flat Bottom Pouches are produced by TC Transcontinental Packaging for the U.S. market. The Whole Foods team provided excellent graphic design to be printed on these pouches. The design maintains exceptional print production in combination with a matte finish to catch the consumer's attention. In addition, the tented structure with side print on these bags provides an elegant, modernized take on traditional baking mix bags. Overall, the features on this bag work together to elevate this baking mix as a premium product.

## YKIBBLE® BAKED DOG FOOD 5 PANEL PTC ZIPPER POUCH, 9.5 KG

*Silver Award – Shelf Impact*

**Manufacturer:** Paharpur 3P, [www.paharpur3p.com](http://www.paharpur3p.com)

**End User/Customer:** Sixth Sense Retail Private Limited

**Plant:** Sahibabad, Uttar Pradesh, India

**Designer/Design Firm:** Paharpur 3P Private Limited

**Key Suppliers:** Ester (PET supplier); Vacmet (METPET supplier); and Sakata (ink supplier)

**Description:** This specially designed five-panel press-to-close zipper pouch with a V-notch on both sides for bulk packaging of pet food protects the product against moisture and maintain its quality. The multicolored pouch has eye-catching graphics and can be palletized and stacked. It was designed to sustain drops from heights, which was tackled through robust designing of the pouch structure and process control.

## Z NATURAL FOODS® WHOLE MILK POWDER

*Silver Award - Printing*

**Manufacturer:** Inland Packaging,  
[www.inlandpackaging.com](http://www.inlandpackaging.com)

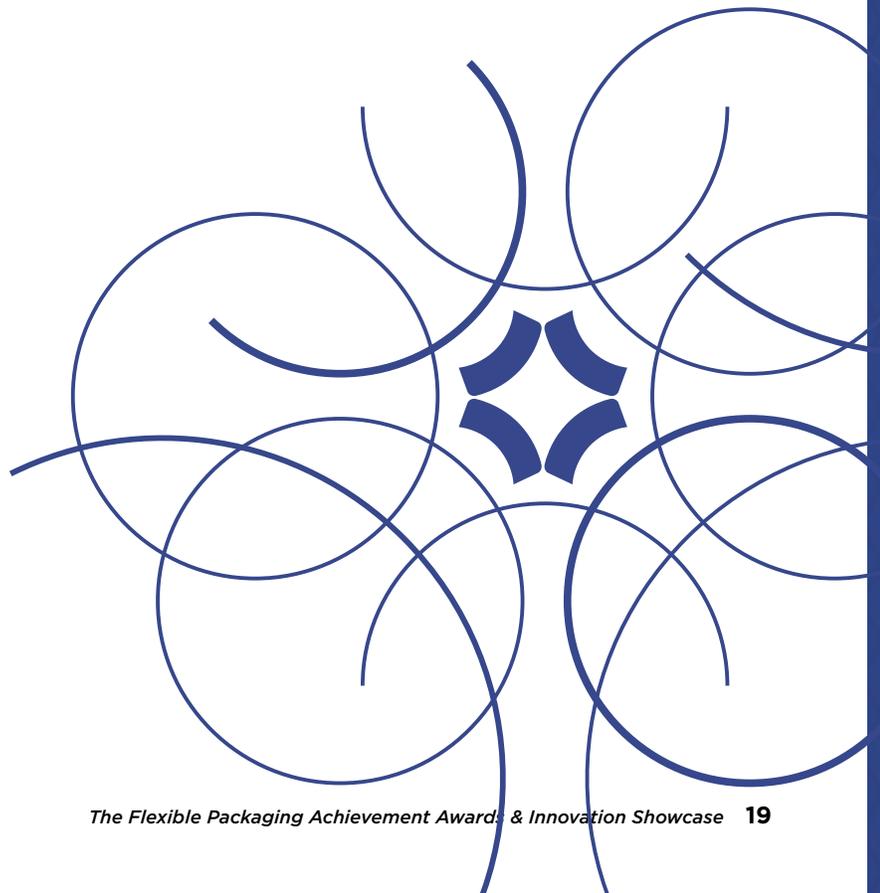

**End User/Customer:** Z Natural Foods®

**Plant:** Delafield, WI

**Designer/Design Firm:** Information not available

**Key Suppliers:** Information not available

**Description:** This large stand-up pouch is constructed to hold five pounds of product. Additionally, the tear notches and zipper allow for easy-to-open capabilities.
